Pricing

We offer a variety of pricing structures these include.

Cash bar

The cash bar option is one of our most popular options, with this option all you are being charged as the host is the setup fee. Payment is then taken from your guests for what they are drinking. On the bar we accept all major UK credit and debit cards as well as cash.

Open Bar

If you want to really treat your guests, then why not book our open bar package? An open bar is a great idea for weddings, birthdays and corporate events where you don't want guests to have to pay for their own drinks. With this package, we ask you to pay a fixed charge per person. This price depends on the event and the drinks that you'd like to serve, so would be discussed and agreed with you when you book.

Pre-Paid bar

With our prepaid bar this gives you the option to put a pre-paid sum of money behind the bar and once we have reached your pre-paid limit, we then revert back to the Conventional Cash Bar.
